

CHAPTER 2	CHAPITRE 2
TRAINING	INSTRUCTION
<b>GENERAL</b>	<b>GÉNÉRALITÉS</b>
<p>1. The main objective of training is for cadets to acquire skills and qualifications while having fun. The more qualifications a cadet acquires, the more responsibilities he is able to assume.</p>	<p>1. Le principal objectif de l'instruction pour les cadets est d'acquérir des compétences et des qualifications tout en s'amusant. Plus un cadet acquiert de qualifications, plus il est capable d'assumer de responsabilités.</p>
<b>REGULAR TRAINING PROGRAM</b>	<b>PROGRAMME D'INSTRUCTION RÉGULIER</b>
<p>2. <u>Junior Cadets</u>. The Trg O will implement the four-level junior training program set out in the Air Cadet Course Training Standards (CTS) and Course Training Plans (CTP). Cadets aged 13 years or over on enrolment (CATO 51-01 Annex C, Appendix 1 - Late Joiner Policy) may be "placed" directly into Level 2 or Level 3. The Trg O will determine whether or not the cadet is able to handle the increased workload.</p>	<p>2. <u>Cadets subalternes</u>. L'O Instr réalisera le programme d'instruction des quatre niveaux prévus pour les cadets subalternes tels que prescrit dans les Normes d'instruction des Cadets de l'air et dans les Plans de leçon de cours. Les cadets âgés de 13 ans ou plus lors de l'enrôlement (OAIC 51-01, annexe A, appendice 1, Politique portant sur les Inscriptions tardives) pourront être « versé » directement au niveau 2 ou niveau 3. L'O Instr déterminera si le cadet est en mesure de répondre aux exigences de ce surplus de travail.</p>
<p>3. <u>Senior Cadets</u>. The Trg O will implement a professional development training program for cadets who have completed Levels 1 through 4. He will manage the senior cadets so that they learn the proper operation of the squadron. This training will consist of on-the-job training (OJT) in the Administration, Supply or Training Sections. For example, senior cadets assigned to the Training Section may be used as instructors. They will undergo special mandatory training on instructional techniques, leadership and drill at the beginning of each training year.</p>	<p>3. <u>Cadets supérieurs</u>. L'O Instr réalisera le programme d'instruction professionnel des cadets qui ont complété les niveaux 1 jusqu'à 4. Il dirigera les cadets supérieurs afin qu'ils apprennent l'opération adéquate de l'escadron. Cette instruction consistera sur la formation en cours d'emploi (FCE) dans les sections de l'administration, de l'approvisionnement ou de l'instruction. Par exemple, les cadets supérieurs assignés à la section de l'instruction peuvent être utilisés comme instructeurs. Ils suivront une instruction obligatoire spéciale sur les techniques d'instruction, de leadership et d'exercice militaire au début de chaque année d'instruction.</p>
<p>4. <u>Specific Events</u>. Specific events within the squadron training year will include:</p> <ul style="list-style-type: none"> <li>a. <u>Field Training Exercises</u>. The squadron will hold Field Training Exercises (FTX) with the aim of developing aircrew survival skills in junior cadets and planning and leadership skills in senior cadets. Ideally, separate exercises will be held to refresh senior cadets in survival and leadership techniques prior to a full squadron exercise.</li> </ul>	<p>4. <u>Événements spécifiques</u>. Les événements spécifiques de l'escadron pendant l'année d'instruction comprendront :</p> <ul style="list-style-type: none"> <li>a. <u>Exercices en campagne</u>. L'escadron effectuera des exercices en campagne (XEC). Ces exercices développeront les compétences de la survie d'équipage chez les cadets subalternes et les compétences organisationnelles et de leadership chez les cadets supérieurs. Idéalement, des exercices séparés seront effectués afin mettre à jour les cadets supérieurs dans les techniques de survie et de leadership avant un exercice complet d'escadron.</li> </ul>

- b. **Social Activities.** Social activities will be encouraged to further cadet personal development. Cadets may therefore wish to propose a dance or social event (e.g. for Halloween, Christmas, Valentine's Day or year-end), as per proposals for any other activity. Social activities are considered part of training, and senior cadets will ensure that good behaviour and deportment is maintained at all times.
- c. **Protocol Dinner.** A Protocol Dinner for cadets and parents should be held at least once per year. This event is considered to be training and is the responsibility of the Trg O. The dinner will follow the format of a Royal Canadian Air Force Mess Dinner. Officers and cadets will wear the appropriate uniform. Events of this nature are held to present the cadets as a positive organization, to recognize and thank as many people as possible and to encourage further support from parents.
- b. **Activités sociales.** Les activités sociales seront encouragées afin d'aider le développement personnel des cadets. Les cadets peuvent par conséquent vouloir souhaiter proposer une danse ou un événement social (p. ex. pour l'halloween, Noël, la Saint-Valentin ou la fin d'année), comme pour toute proposition pour une activité. Les activités sociales sont considérées faisant partie de l'instruction, et les cadets supérieurs s'assureront du bon maintien et du bon comportement en tout temps.
- c. **Dîner protocolaire.** Un dîner protocolaire pour les cadets et les parents devrait se tenir au moins une fois par année. Cet événement est considéré comme de l'instruction et l'O Instr en est responsable. Le dîner suivra le format d'un dîner du mess de l'Aviation royale canadienne. Les officiers et les cadets porteront l'uniforme approprié. Les événements de cette nature se tiennent afin de présenter les cadets comme une organisation positive, pour reconnaître et remercier autant de gens que possible et pour encourager le soutien supplémentaire des parents.

## OPTIONAL ACTIVITIES

5. The Trg O will also insert optional training into the training schedule. This may include sports nights, special parades, presentations and speeches or any other activity that contributes to the aims of the cadet movement. The CO's approval will be required for involvement of people outside the squadron staff. The following, ongoing activities are offered through the squadron:

- a. Air Studies Program. Annex A.
- b. Band. Annex B
- c. Biathlon Team. Annex C.
- d. Drill Team. Annex D.
- e. Marksmanship Team. Annex E.
- f. Duke Of Edinburgh's Award Young Canadians Challenge Program. Annex F.

## ACTIVITÉS FACULTATIVES

5. L'O Instr insérera l'instruction facultative dans le programme d'instruction. Cela peut inclure des soirées sportives, parades spéciales, présentations et discours ou toute autre activité qui contribue aux buts du mouvement du cadet. L'approbation du cmdt sera exigée pour la participation de gens de l'extérieur du personnel de l'état-major de l'escadron.

- a. Programme de formation de vol. Annexe A.
- b. Musique. Annexe B.
- c. Équipe de biathlon. Annexe C.
- d. Équipe d'exercice militaire. Annexe D.
- e. Équipe de tir. Annexe E.
- f. Le Prix du duc d'Édimbourg Défi Jeunesse Canada. Annexe F.

**EVENTS AND ACTIVITIES**

6. Cadets and staff will participate in the following types of events:

- a. Events Organized by 51 Sqn. The Trg O, in consultation with the CO, will appoint an Officer in Charge (OIC) and Senior Cadet in Charge (Cdt IC) for all events and activities. In general, the OIC will be responsible for planning, organization and execution of the event, while the Cdt IC will co-ordinate participation by cadets. Any activity may be cancelled at the CO's discretion depending on squadron priorities.
- b. Events Organized by Other Units. For events organized by other squadrons, the region or others, the CO will provide details of squadron participation. The Trg O, in consultation with the CO, will appoint an OIC and Cdt IC who will determine and request any support required. The Trg O will also contact the unit organizing the event to confirm the squadron's participation. The Cdt IC will arrange for the required number of cadets to take part in the event.

**PROPOSALS**

7. Cadets are encouraged to submit written proposals and plans for activities that they see as interesting and beneficial to the squadron up through the chain of command. The CO will review these proposals with the Trg O and staff. If the proposal is accepted, a cadet will be appointed Cdt IC and an appropriate Staff member will be appointed as OIC for the implementation and supervision of the activity. See Annex G for an example.

**ÉVÉNEMENTS ET ACTIVITÉS**

6. Les cadets et le personnel cadre participeront aux types d'événements suivants :

- a. Événements organisés par l'esc 51. L'O Instr en consultation avec le cmdt, nommera un officier responsable (O Resp) et un cadet supérieur responsable (cdt resp) pour tous les événements et activités. En général, l'O Resp sera responsable de la planification, de l'organisation et de l'exécution de l'événement, pendant que le Cdt resp coordonnera la participation des cadets. Toute activité peut être annulée à la discrétion du cmdt selon les priorités de l'escadron.
- b. Événements organisés par les autres unités. Pour les événements organisés par les autres escadrons, le secteur ou autres, le cmdt fournira les informations de la participation de l'esc. L'O Instr nommera un O Resp qui déterminera et demandera tout soutien exigé. L'O Instr contactera aussi l'unité qui organise l'événement pour confirmer la participation de l'escadron. Le Cdt resp s'occupera d'obtenir le nombre exigé de cadets pour participer à l'événement

**PROPOSITIONS**

7. Les cadets sont encouragés à soumettre des propositions écrites et des plans pour des activités qu'ils voient comme intéressantes et salutaires pour l'escadron. Le cmdt examinera ces propositions avec l'O Instr et le personnel de l'état-major. Si la proposition est acceptée, un cadet sera nommé Cdt resp et un membre approprié de l'état-major de l'escadron sera nommé O Resp pour la mise en œuvre et la surveillance de l'activité. Voir l'annexe G pour un exemple.

8. Planning. All events and activities require thorough preparation and planning for success. The Trg O or OIC will prepare a Warning Order, an Administrative Instruction, a detailed schedule and a letter to parents with a consent form, to notify of an upcoming event and provide the detailed direction required. The Trg O or OIC will hold an activity briefing to communicate specific tasks to all affected staff members and cadets.

9. Support. Typically, each section will have tasks to perform for an activity. For example, at a field training exercise the Admin O would collect and store health cards, while the Sup O would bring and issue any equipment required for instruction or tasks. As part of planning for activities, all support requirements must be identified so that the CO may make arrangements with military or civilian authorities or the Sponsoring Committee.

10. Requests for Exercise (RFE). The Trg O or OIC for an activity will prepare an RFE for the CO's signature within the appropriate deadline as part of activity planning.

11. Execution. All staff and cadets are expected to participate in squadron activities, unless they have been excused before the event. Lvl Os and other available staff will supervise the cadets in their assigned flights.

12. Follow-up. All events shall include a post-event meeting, to discuss ways of improving how the event was run. The Trg O or OIC will complete an After Action Report (AAR) at Annex H.

8. Planification. Tous les événements et activités exigent une préparation et une planification conscientieuse afin de prévoir leurs succès. L'O Instr ou l'O Resp prépareront un Ordre d'avertissement, une Instruction administrative, un programme détaillé et une lettre aux parents accompagnée d'une note de consentement, afin d'aviser d'un événement prochain et de fournir la direction détaillée exigée. L'O Instr ou l'O Resp tiendra une conférence de coordination de l'activité afin de communiquer les tâches spécifiques à tous les membres du personnel cadre affectés et aux cadets.

9. Soutien. Typiquement, chaque section aura des tâches à exécuter pour une activité. Par exemple, lors d'un exercice en campagne l'O admin rassemblerait et entreposerait les cartes de santé (assurance-maladie), pendant que l'O appro apporterait et distribuerait tout le matériel exigé pour l'instruction ou les tâches. Comme partie intégrante de la planification d'activités, toutes les exigences de soutien doivent être identifiées afin que le cmdt puisse prendre les mesures nécessaires avec le militaire ou les autorités civiles ou le Comité répondant.

10. Demandes pour un exercice (RFE). L'O Instr ou l'O Resp d'une activité prépareront un RFE pour la signature du cmdt selon l'échéancier prescrit comme partie intégrante de la planification de l'activité.

11. Exécution. Il est entendu que tout le personnel cadre et les cadets participeront aux activités de l'escadron, à moins qu'ils aient été excusés avant l'événement. Les O niv et le personnel de l'état-major disponibles surveilleront les cadets dans leurs sections assignées.

12. Suivi. Tous les événements incluront une rencontre post-événement afin de discuter des façons d'améliorer l'événement à l'avenir. L'O Instr ou l'O Resp compléteront un Rapport post-activité (RPA) annexe H.

**APPROVAL OF ACTIVITIES**

13. No squadron activity will be conducted without the prior consent of the CO. The chain of command must be followed when forwarding a request for an event/activity. Signed permission slips from the parents or guardians are required for activities held outside the immediate Ottawa Valley area or overnight.

**EVENING SCHEDULE**

14. 51 Sqn will hold its mandatory training on Tuesday evenings between 1815 hours and 2130 hours. Refer to Annex I for the detailed schedule.

15. Opening parade will be formed up by flights and will allow for taking of flight attendance, inspection of cadets and flight announcements.

16. Squadron inspection by the Cdt Comd will follow if time allows as well as new squadron announcements of the evening schedule and upcoming activities.

17. Three periods of classes will normally follow.

18. Cadets arriving after 1830 hours must sign in on the Duty Personnel (Duty Pers) Late Sheet at the Duty Pers station in the front lobby. The late Sheet will be handed in to the Administration Office at the end of the first training period.

19. Attendance sheets should be returned by the start of first period to Admin Office.

20. A final parade will be formed up in flights for the CO's Review if required.

21. All squadron operations will cease and cadets will have left the CASM by 2130 hours.

**APPROBATION D'ACTIVITÉS**

13. Aucune activité de l'escadron n'aura lieu sans le consentement préalable du cmdt. La chaîne de commandement doit être suivie quand on effectue une demande pour un événement/activité. Le feuillet d'autorisation signé par les parents ou tuteurs est requis pour les activités tenues à l'extérieur de la zone de la Vallée de l'Outaouais ou lorsqu'il y a un coucher prévu.

**PROGRAMME DU SOIR**

14. L'esc 51 effectuera son instruction obligatoire entre 1815 heures et 2130 heures les mardi soirs. Voir l'annexe I pour l'horaire détaillé.

15. La parade du début sera formée par sections et inclura la prise des présences de l'escadron, l'inspection des cadets et les avis de section.

16. L'inspection par le cdt cmdt pourra survenir si le temps le permet ainsi que les nouveaux avis de l'escadron du programme du soir et des activités prochaines.

17. Normalement trois périodes en classes suivront.

18. Les cadets arrivés après 1830 heures doivent s'enregistrer sur la liste de personnel en retard auprès du sous-officier de service (s/off svc) en fonction au hall d'entrée à l'avant du CAvM. La liste du personnel en retard sera remise au bureau de l'Administration à la fin de la première période de formation.

19. Les formulaires d'assiduité devraient être retournés au bureau de l'Administration avant le début de la première période d'instruction.

20. Une parade finale sera formée par sections pour la revue du cmdt si nécessaire.

21. Toutes les opérations de l'escadron cesseront, et les cadets auront quitté le MAEC, pour 2130 heures.

**SUPERVISION OF CADETS**

22. As per the Annual Operations Directive (AOD) and CATO 13-12 – Supervision of Cadets, cadets must be under the constant supervision of an officer and/or paid CI according to the following scale:

- a. **Mandatory Activities.** Each authorized cadet activity that is part of the Mandatory Training Program (Proficiency Level Program for Air Cadets) shall have at least one paid Cadet Instructor or a paid Civilian Instructor (CI) responsible for, and physically participating in the activity.
- b. **Optional Activities.** Each approved activity shall be under the responsibility and supervision of a Cadet Instructor or paid CI. The Cadet Instructor can either be on paid service or be providing support without pay during the optional activity.
- c. **Local Day Activity/Training.** There should be at least one appropriate adult supervisor of each gender for mixed gender activities for every 20 cadets for activities of one-day duration where no overnight accommodation is required, such as a tour or visit. If required, a senior cadet of the appropriate gender may assist in supervisory duties for this type of activity.
- d. **Overnight Activities.** There should be at least one appropriate adult supervisor of each gender for all mixed gender activities. The minimum ratio for overnight activities is one appropriate adult supervisor per each 15 cadets. Separate sleeping accommodation will be provided for male and female cadets and staff.

**CADET INSTRUCTORS**

23. Cadet instructors are required to submit their Lessons Plans two training weeks in advance of teaching their class so that the Training Staff may verify them.

**SURVEILLANCE DES CADETS**

22. Tel qu'énoncé dans la Directive annuelle aux opérations (DAO) et à l'OCRE 13-12 – Supervision des cadets, les cadets doivent être sous la supervision constante d'un officier et/ou IC (rémunéré) selon le barème suivant :

- a. **Activités obligatoires.** Pour chaque activité autorisée des cadets faisant partie du programme d'instruction obligatoire (le programme de niveaux de qualification des cadets de l'Air), il faut qu'au moins un instructeur de cadets ou un instructeur civil (IC) rémunéré soit présent et qu'il en soit responsable.
- b. **Activités facultatives.** Un instructeur de cadets ou IC rémunéré doit être responsable des activités facultatives et les superviser. L'instructeur de cadets peut être rémunéré comme il peut fournir du soutien sans être rémunéré dans le cadre d'une activité facultative.
- c. **Activité/instruction locale d'une journée.** Pour des activités mixtes d'une journée où il n'y aura pas de séjour de nuit, telles qu'une excursion ou une visite, il est recommandé d'affecter à chaque groupe de 20 cadets au moins un superviseur adulte compétent de sexe masculin et féminin. Si nécessaire, un cadet supérieur du sexe approprié peut superviser ce type d'activité.
- d. **Activités d'une nuit.** Pour toutes les activités mixtes, il devrait y avoir au moins un adulte superviseur compétent de sexe masculin et féminin. Le ratio minimum pour des activités d'une nuit est un adulte superviseur compétent pour chaque groupe de 15 cadets. Les cadets et le personnel seront hébergés séparément dans des endroits désignés selon leur sexe.

**INSTRUCTEURS CADETS**

23. Les cadets instructeurs sont tenus de soumettre leurs plans de leçons deux semaines d'instruction en avance d'enseigner leur matière afin qu'ils soient vérifiés par le personnel de la section d'instruction.

24. Instructor evaluations will use the following criteria:
- a. officers, staff members or Sr NCOs cannot evaluate their own child or relatives;
  - b. NCOs are evaluated comparatively against each other of the same rank (for example, during a FTX, all Sergeants might be evaluated and ranked);
  - c. the evaluation form at Annex J is to be used;
  - d. before the activity, specific criteria are selected (normally three or four) by the Trg O, evaluators are briefed on the evaluation process, the criteria are explained and a list of cadets to be evaluated is provided to the evaluators;
  - e. during the activity, each evaluator observes, evaluates and scores each cadet identified on the evaluation list;
  - f. NCOs are evaluated comparatively against each other of the same rank (for example, during a FTX, all Sergeants might be evaluated and ranked); and
  - g. after the activity, an evaluation meeting, involving the evaluators, is held to exchange comments and notes and to agree on the final score and rank of each cadet evaluated.
24. Les évaluations des instructeurs s'effectueront selon les critères suivants :
- a. les officiers, membres du personnel ou s/off sup ne peuvent pas évaluer leur propre enfant ou parents;
  - b. les s/off sont évalués comparativement l'un contre l'autre au même grade (par exemple, tous les sergents peuvent être évalués et classifiés pendant un XEC);
  - c. le formulaire d'évaluation à l'annexe J sera utilisé;
  - d. avant l'activité, les critères spécifiques sont sélectionnés (normalement trois ou quatre) par l'O Instr, les évaluateurs sont mis au courant du processus d'évaluation, les critères sont expliqués et une liste des cadets à être évalué est fournie aux évaluateurs;
  - e. pendant l'activité, chaque évaluateur observe, évalue et marque chaque cadet identifié sur la liste de l'évaluation;
  - f. les s/off sont évalués comparativement l'un contre l'autre au même grade (par exemple, tous les sergents peuvent être évalués et classifiés pendant un XEC); et
  - g. après l'activité, on tient une rencontre d'évaluation, impliquant tous les évaluateurs, afin d'échanger des commentaires et des notes et de consentir un score définitif et un rang à chaque cadet évalué.

ANNEX D	ANNEXE D
DRILL TEAM	ÉQUIPE D'EXERCICE MILITAIRE
<b>OBJECTIVE</b>	<b>OBJECTIF</b>
1. Improvement and putting into practice the knowledge of all individual and squad (flight) drill movements executed by the Air Cadets.	1. Augmentation et mise en pratique des connaissances de tous les mouvements d'exercice militaire individuels et d'escouade (de section) exécutés dans les cadets de l'air.
<b>DESCRIPTION</b>	<b>DESCRIPTION</b>
2. Drill is an important part of cadet training. Drill promotes discipline, alertness, precision, pride, steadiness, and the cohesion necessary for success within a group.	2. L'exercice militaire est une partie importante de l'instruction du cadet. L'exercice militaire encourage la discipline, la vigilance, la précision, la fierté, la stabilité et la cohésion nécessaire pour le succès à l'intérieur d'un groupe.
3. From a leadership perspective, drill is an excellent vehicle to help enhance some personal attributes. A senior cadet's assertiveness, confidence in his abilities while speaking in front of a group, and supervisory skills while correcting personnel on their dress and personal drill all benefit from drill instruction.	3. Du point de vue du leadership, l'exercice militaire est un excellent véhicule pour aider à rehausser des attributs personnels. La manière assurée d'un cadet supérieur, sa confiance dans ses capacités de parler devant un groupe, et sa compétence comme surveillant en corrigeant le personnel sur leur tenue et lors de l'exercice militaire, ont tous bénéficiés de l'instruction reçue lors de l'exercice militaire.
<b>QUALIFICATIONS REQUIRED</b>	<b>QUALIFICATIONS REQUISES.</b>
4. Any cadet, from any level, may try out for the Drill Team.	4. Tout cadet, peu importe son niveau, peut faire partie de l'équipe d'exercice militaire.
5. Current year Drill Team members are authorized to wear a white lanyard on their left shoulder.	5. Le personnel de l'équipe d'exercice militaire de l'année en cours est autorisé à porter un cordon blanc à l'épaule gauche

ANNEX E	ANNEXE E
MARSKMANSHIP TEAM	ÉQUIPE DE TIR
<b>OBJECTIVE</b>	<b>OBJECTIF</b>
1. Develop an interest for shooting while promoting the secure handling of firearms.	1. Développer un intérêt pour le tir de précision tout en promouvant l'utilisation sécuritaire des armes à feu.
<b>DESCRIPTION</b>	<b>DESCRIPTION</b>
2. Marksmanship is one of the most popular cadet training activities. Cadet marksmanship has its roots in familiarization training with the Canadian Armed Forces. Its current focus, however, is on teaching cadets the proper use and safe handling of firearms for recreational purposes only. The marksmanship program has been specifically designed for youth and is based on Olympic-style competition.	2. Le sport de tir est une des activités communes les plus populaires chez les cadets. Le tir chez les cadets tire ses racines du désir de familiarisation avec les Forces armées canadiennes. À l'heure actuelle, on met plutôt l'accent sur la bonne façon de les utiliser et leur maniement sécuritaire et ce, à des fins récréatives seulement. Le programme prend modèle sur le tir de compétition de type olympique.

**OPERATION ORDER XX-YEAR/YEAR  
SQUADRON BUSH EXERCISE – DATE**

Reference: 51 Squadron Standing Operating Procedures

**SITUATION**

1. 51 Squadron will conduct a spring training exercise for the entire squadron during indicate date and location of activity.
2. The aims for the weekend will be to:
  - a. confirm basic Aircrew Survival lessons previously taught to junior cadets in a spring environment;
  - b. offer leadership opportunities to the Level 4 and 5 cadets through specialized leadership taskings; and
  - c. provide an environment where squadron esprit-de-corps can be fostered.
3. An advance party, outlined in Annex B, will depart indicate date and location in order to prepare the location for the arrival of the rest of the squadron. The main body of cadets and staff will leave indicate date and location. Return arrival at indicate date and location.

**MISSION**

4. 51 Squadron cadets will execute basic Aircrew Survival in spring, offer leadership opportunities to the Level 4 and 5 cadets, and provide an environment where squadron esprit-de-corps can be fostered.

**EXECUTION**

5. General Outline. This will be a forty-eight hour exercise starting on Friday evening and ending Sunday afternoon. Level 1, 2 and 3 training will be carried out by level on Friday and Saturday with Level 5 and 6 cadets providing both instruction and supervision as required. Sunday's activities will be by flight. Because the total number of participants is unknown at this time, 100 (80 cadets and 20 staff personnel) has been used for planning purposes.

6. Taskings:
  - a. Exercise Coordinator. \_\_\_\_\_ will be the Ex Coord. He will be responsible for:
    - (1) liaising with appropriate Detachment and League authorities to secure approval for the exercise;

- (2) liaising with the **activity location** authorities to secure:
- the **activity location** for the exercise,
  - sufficient number of buildings to support exercise activities during the weekend, and
  - a date and time where a reconnaissance can be carried out prior to the weekend;
- (3) liaising with appropriate **support location or unit** authorities and request on behalf of 51 Squadron the use of:
- a location** for the exercise final coordination briefing on **date and time**,
  - a location** for departure preparations on **date and time**,
  - a location** for arrival operations on **date and time**, and
  - a location** for use by the squadron staff to store their vehicles over the weekend;
- (4) liaising with appropriate **\_\_\_\_\_** authorities and request on behalf of 51 Squadron appropriate medical support personnel for the weekend;
- (5) liaising with the Sponsoring Committee for:
- foodstuffs,
  - transport requirements,
  - kitchen staff personnel,
  - suitable memento for **location** authorities; and
- (6) making the decision to cancel the activity in case of inclement weather and posting the information on the squadron website.
- b. Exercise Officer in Charge. **\_\_\_\_\_** will be Ex OIC and be responsible for:
- submitting the Request for Exercise to Eastern Region for approval;
  - the overall supervision of the exercise;
  - coordinating all aspects of training for the weekend;
  - briefing squadron exercise appointments on requirements;
  - assisting Ex Trg NCO in planning training and selection of instructors;
  - tasking the instructors;
  - verifying the content of the classes to be taught;
  - checking the lessons plan of all the instructors by **date**;

- (9) supervising and coordinating all staff member activities throughout the planning and preparation stages, and the event itself;
  - (10) remaining ready to intervene at a time and place where a coordination problem may arise before and during the activity;
  - (11) securing from the Ex Coord the criteria on which to evaluate cadets;
  - (12) providing Ex 2IC with a list of cadets to be evaluated;
  - (13) coordinating the evaluations of Senior Cadets throughout the weekend;
  - (14) providing evaluation sheets for all NCOs;
  - (15) handing results of all evaluations to the Ex Coord, as soon as possible after the activity;
  - (16) submitting a complete report on the conduct of activities to the CO, as soon as possible after the activity;
  - (17) confirming menu selection with the Sponsoring Committee;
  - (18) ensuring a site reconnaissance of **the location for the activity** is carried out prior to the exercise; and
  - (19) any other duties assigned by the Ex Coord.
- c. Exercise Second-in-Command. [REDACTED] will be the Ex 2IC and be responsible for:
- (1) the overall administrative and logistic requirements for the exercise;
  - (2) assisting the Ex OIC in carrying out the exercise as per the schedule;
