

51 Squadron Sponsoring Committee Newsletter

October 2025

A UNIQUE PARTNERSHIP

- Air cadet squadrons are composed of 2 entities:
 - Cadet staff, led by Captain Hawley
 - SSC committee, chaired by Kathleen Lemire

Cadet staff are responsible for training cadets.
Squadron Sponsoring Committee is responsible for booking facilities, as well as dealing with any financial aspects. The SSC is led exclusively by volunteers.
Squadrons cannot exist without this unique partnership.

Our goal is to maintain a high level of activities for our squadron, either free of charge or at a low cost.

HOW CAN I HELP?

- Become a screened SSC volunteer and participate in committee meetings, or support fundraising events on specific occasions.
- Help your cadet and friends participate in fundraising weekends. The next Community Engagement weekend will take place at Farmboy Trainyard, on October 13th for cadets in Flight 1 only. (10:00-1:00pm and 1:00-4:00pm)
- Bring food items for SSC to sell at canteen on training nights. In October, Cadets in Flight Oscar are responsible for stocking the canteen.
- As an employee, if you donate through employee charitable programs such as the Government of Canada Workplace Charitable Campaign (GCWCC) or the Employee Giving Campaign, please note that the 51 Canada Aviation and Space Museum Squadron is a registered charity. Donating to the campaign aligns to the goal of building stronger communities, providing youth support for a great start in life and help them reach their full potential.

The squadron is listed as the following for charitable purposes: AIR CADET LEAGUE OF CANADA - 51 National Aviation Museum Squadron
